Immigration Conference.

Chattanooga, Tenn., Oct. 31 .- Already there is evidence to show that the southern immigration and quarantine conferences, which is to be held in this city on Nov. 9 and 10, will be the most representative meeting ever helin the southern states. Practically every invitation issued has been ac cepted and various other delegates. for whom provision was not made in in the original call, are anxious for representation. This is occasioned by the importance of the questions to be considered and the fact that the general sentiment throughout the south, both on the questions of encouraging immigration to this section and the national controt of the quarantine is by no means unanimous.

Lydia E.Pinkham's Vegetable Compound

Do not consent to an operation which may mean death until after you have given Lydia E. Pinkham's Vegetable Compound a fair trial. Note what it did for Mrs. Paul Oliver, whose letter follows:

DEAR MRS. PINKHAM:-- I was suffering from pains in my side and wormb. The doctors said to get well I must have an operation performed,

but I would not consent to that. I heard of Lydia E. Pinkham's Vegetable Compound and sent for a bottle; the first dose did me good, and after taking the first bottle I could sleep all right and I did not have those pains around my womb which I had all the time before. Now I can ride ten miles in a carriage, my color has returned, and I am full of life. I owe all this to the Vegetable Compound.

It has also done wonders for my thirteen-year-old daughter. I will mover cease to praise it and recommend it to my friends.

MRS. PAUL OLIVER, St. Martinsville, La. Thousands of women, residing in every city and town in the United States, bear willing testimony to the wonderful virtue of Lydia E. Pinkham's Vegetable Compound. It cures female ills and creates radiant, buoyant female health. For your own sake try it.
